Dear Mr. Stephenson:

The area covered in your Notice UTU-73365 submitted on December 27, 1994 for work in T. 41 S, R. 12 W, sec. 13 and 14 on the Abbott claim and millsite was recently inspected, and no surface disturbance was noted. We have also received a copy of the UDOGM letter closing their file on the operation. We are therefore closing this file.

No additional work may be completed under this Notice. Any further surface disturbing activity will require that you submit another Notice or Plan.

If you have any questions, please contact Larry Gore at this office.

Sincerely,

Larry Gore
Geologist
